ABOUT

MERN Stack Developer skilled in building scalable web applications with MongoDB, Express.js, React.js, and Node.js, focusing on API development and frontend optimization.

SKILLS

Languages: HTML5, CSS3, JavaScript, TypeScript, Python, SASS, LESS
Frameworks & Libraries: React.js, Node.js, Express.js, Bootstrap, Material Design
Databases: MongoDB, SQL
Tools: Git, Postman, JWT, REST APIs, Unit Testing, Firebase
Development Stack: MERN (MongoDB, Express.js, React.js, Node.js)
Soft Skills: Problem-solving, Team collaboration, Communication.

EXPERIENCE

Front-end Developer | Rexerra Consultancy Services | Mar 2025 – Present
- Developing reusable and maintainable cross-platform frontend web components.
- Writing unit tests to ensure testing coverage.
- Optimizing front-end performance for enhanced user experience..

Software Developer | Opt2Deal E-commerce | June 2024 – July 2023
- Developed reusable and scalable front-end components using React.js.
- Improved UI performance through code optimization and efficient state management.
- Worked closely with backend and infrastructure teams to integrate APIs and third-party services.

PROJECTS

✅ Rexerra: Live Link
- Built a cross-platform web app with React.js, ensuring component reusability and modern UI/UX.
- Optimized state management and integrated APIs for performance enhancements.

✅ WealthWise: Live Link
- Financial management platform built with React.js and TypeScript.
- Integrated APIs and ensured optimized performance.

✅ Hotel Management System: Github
- Backend system using Node.js, MongoDB, and Express.js.
- Designed secure APIs for bookings, customer details, and payments.

✅ Voting Application: GitHub: Github
- Scalable voting system backend with Node.js, Express.js, and MongoDB.
- JWT-based authentication and real-time updates.

EDUCATION

Dronacharya College of Engineering, Haryana, India
B.Tech in Computer Science Engineering | CGPA: 6 | 2022 – 2026

CERTIFICATIONS

- Workshop on Web Development – GeeksforGeeks, Cognizance IIT Roorkee
- Programming for Everybody (Python) – University of Michigan
